

## PURIFYING CREAM GEL FOR MEN

A fresh grooming solution for oily skins

## Raw materials from SEPPIC

Appearance: Green cream gel  
Packaging: Tube

This texture is ideal for men looking for light care which softens the skin. Indeed, **SIMULGEL™NS** brings a fresh sensation followed by a melting effect on skin. **SEPIMAT™ H10**, powder with matifying properties, brings a soft touch and a velvety finish on skin

**SEPICONTROL™ A5** purifies oily skins.

This cream gel formulation is obtained with only one step at room temperature, such a simple process !

### Formula

Formula		
A	Aqua/Water	Up to 100%
B	<b>SIMULGEL™ NS</b>	<b>5.00%</b>
	Ethylhexylpalmitate	6.00%
	Phenoxyethanol & Ethylhexylglycerin <b>SEPIMAT™ H10</b>	0.50% <b>2.00%</b>
C	<b>SEPICONTROL™ A5</b>	<b>3.00%</b>
	Parfum/Fragrance	0.10%
	Color	0.07%

### Procedure

#### TRIMIX - 4 kg

Disperse Sepicontrol™ A5 in water and add Simulgel™NS under stirring (1200 rpm for 10'). Then, add gradually and under agitation the Sepimat™H10 already dispersed in the oily phase. When the mixture is homogeneous, add the preservatives and the perfume. It is important to keep the stirring during all the process.

### Characteristics

Appearance	Green Cream Gel
pH	5.0
Viscosity 1M at RT	42000 cps Brookfield LV S4S6
Stability*	>1M at RT, 40°C / 50°C Stable after centrifugation at 50°C for 20' at 3000 rpm

#### SIMULGEL™NS

*Hydroxyethylacrylate/Sodium AcryloyldimethylTaurate Copolymer and Squalane and Polysorbate 60*

Thickening and emulsifying agent, Simulgel™NS is very easy to use in liquid form (neither pre-dispersion nor neutralization). It provides a sensation of freshness followed by a melting effect on the skin (velvety softness feeling). Simulgel™NS perfectly stabilizes emulsions made at high temperatures.

#### SEPIMAT™ H 10

*Methyl Methacrylate Crosspolymer and Paraffinum Liquidum and Silica*

SEPIMAT™ H10 is a hollow lipodispersible powder with excellent absorbent and matifying properties. Its hemispherical shape makes it easy to press and perfect for loose, hot poured and pressed powder applications.

#### SEPICONTROL™ A5

*Capryloyl Glycine and Sarcosine and Cinnamomum Zeylanicum Bark Extract*

Dermo-protecting and soothing agent that helps rebalance oily acne prone skin. It works by regulating the five main factors involved in skin imperfections: bacterial proliferation, lipases and elastases, free radicals, inflammation and hyper-keratinisation. Skin becomes clearer, purified and free from imperfections.

### Other raw materials...

- Phenoxyethanol & Ethylhexylglycerin: **EUXYL 9010 (S&M)**
- Parfum : **PARFUM TONIQUE (MANE)**
- Dye : **UNICERT GREEN 06503J (1%) (SENSIENT LCW)**
