Seppic launches EMOGREEN™ C69, a soft and velvety touch for sustainable formulations

From **100% natural origin content** (naturalness ISO 16128), EMOGREEN™ C69 is an **alternative to dimethicone touch in cosmetic formulations**. **Readily biodegradable**, COSMOS approved and NATRUE certified, this China compliant and non-GMO emollient fits with all kinds of formulations. EMOGREEN™ C69 meets consumers need for pleasant skin feel and more natural cosmetics.

Easy-to-use and very fluid, EMOGREEN™ C69 is a crystal clear and odorless oil. These characteristics make it convenient for any type of texture and application (skin care, hair care, make-up, sun care...).

EMOGREEN™ C69 imparts a **soft and extra-comfortable powdery veil** at the end of application. Neither sticky nor draggy, its outstanding sensory makes it the right choice for face & body care as well as for sun care and make-up.

Sabrina MIZAEL, product manager, stated: *“EMOGREEN™ C69 has been developed to meet consumer needs for more natural and environment-friendly beauty care products, in line with Seppic's Corporate Social Responsibility objectives. As part of EMOGREEN™ range, this new generation emollient combines **sustainability and skin feel.**”*

The world leader in gases, technologies and services for Industry and Health, Air Liquide is present in 80 countries with approximately 65,000 employees and serves more than 3.5 million customers and patients. Oxygen, nitrogen and hydrogen are essential small molecules for life, matter and energy. They embody Air Liquide's scientific territory and have been at the core of the company's activities since its creation in 1902.

Air Liquide's ambition is to lead its industry, deliver long term performance and contribute to sustainability. The company's customer-centric transformation strategy aims at profitable growth over the long term. It relies on operational excellence, selective investments, open innovation and a network organization implemented by the Group worldwide. Through the commitment and inventiveness of its people, Air Liquide leverages energy and environment transition, changes in healthcare and digitization, and delivers greater value to all its stakeholders.

Air Liquide's revenue amounted to 21 billion euros in 2018 and its solutions that protect life and the environment represented more than 40% of sales. Air Liquide is listed on the Euronext Paris stock exchange (compartment A) and belongs to the CAC 40, EURO STOXX 50 and FTSE4Good indexes.
