With WESOURCE

Solid Red Stick / Packaging: Stick

STABILITY: 2M at RT, 45°C

FORMULATION ADVICES: Laboratory scale

Melt phase A at 90 °C until an homogeneous phase is obtained. Cool with stirring to 85 °C. Pour at 85 °C into a silicone mold (1 cavity) at room temperature. Leave to cool for 5 min at room temperature then to level off. Put the mold in the freezer for 30 min (-10 °C). Let cool for 15 min at room temperature then unmold.

The perfect synergy between matt effect, comfort & colour intensity which last all day long

Second skin effect without drying the lips!

Create a matt effect without drying thanks to SEPIFINE™ BB

(Amylopectin)

A natural texturizing powder, ethically sourced, coming from babassu nut exclusively sourced in Brazil. This **biodegradable powder** provides a soft and velvety finish while creating a pleasant playtime and matt effect.

SEPIlift™ DPHP improves lipstick spreadability and provides comfortable wear on lips

(Dipalmitoyl Hydroxyproline)

A breakthrough in the field of lipstick technology: botanical hydroxyproline vectorized in lipophilic form. An anti-wrinkle ingredient, SEPIlift™ DPHP **moisturizes, redesigns lips and reduces the appearance of fine lines** (with immediate and long-term effects), leaving lips softer, better moisturized and ideally restructured so they appear fuller (proven in vivo on 30 volunteers).

Glamour effect guaranteed. Ecocert and Natrue approved.

ADDITIONAL INGREDIENTS: Helianthus annuus (sunflower) seed oil - HUILE DE TOURNESOL OLEIQUE RAFFINEE (CAUVIN) / Cera alba (beeswax) - CERABEL BLANCHE SELECTION REF 31547 (CERESINE) / Carnauba wax: CARNAUBA WAX R-100 (SACI-CFPA) / Butyrospermum parkii butter - Citric acid: LIPEX SHEA (UNIPEX) / Tocopherol - Helianthus annuus (sunflower) seed oil - BIOXAN SF T50 (MASSO) / Ricinus communis seed oil - CI 15850 - COVAPATE UNIREL LC 3779 (SENSIENT)
