A	Aqua/Water Tetrasodium Glutamate Diacetate	Up to 100% 0.30%
B	SEPIMAX ZEN™ SOLAGUM™ TARA FLUIDIFEEL™ EASY Argania Spinosa Kernel Oil Isopropyl Myristate EMOGREEN™ HP 40	0.60% 0.50% 3.00% 2.00% 1.00% 3.00%
C	XYLISHINE™ ALARIANE™ Tocopherol	3.00% 1.00% 0.05%
D	Fragrance Phenoxyethanol & Ethylhexylglycerin Lactic Acid	0.20% 1.00% 0.25%

Fluid white cream / Packaging: Pump bottle

pH: 5.0 / **VISCOSITIES: at RT:** 25,900 mPa.s Brookfield LV4-6 /
STABILITY: 1M at RT, 45°C

FORMULATION ADVICES: Pilot - 4000g -Trimix Rotor stator

Weigh and stir slowly phase A during 3min. Weigh phase B and homogenize. Add phase B to phase A under rotor-stator and stir during 5 min at 3000 rpm until obtention of an homogeneous cream. Add one by one phase C ingredients under slow agitation, then phase D ingredients one by one. Adjust pH between 4.7 and 5.2 with lactic acid. Stir under rotor stator 3 min at 3000 rpm.

COLD
PROCESS

The hair is moisturised and protected. This serum restores the softness of your hair!

Mix and match with our oil and mask!

Thanks to **EMOGREEN™ HP 40** film properties, the hair fiber is protected against heat damage and the inner keratin structure is preserved. (C15-19 Alkane and Hydrogenated Polyfarnesene (Plant-based & Renewable))

This non polar and inherently biodegradable, **bio-sourced emollient** is a sustainable alternative to heavy silicones in formulation. This high purity versatile texturing ingredient brings comfort to the hair and the skin. Multifaceted ingredient, it provides film forming properties with a soft and supple afterfeel.

FLUIDIFEEL™ EASY creates a fluid, sprayable and light emulsion. The duo **SEPIMAX ZEN™ & SOLAGUM™ TARA** effectively stabilizes the formula.

FLUIDIFEEL™ EASY (Lauryl Glucoside and Myristyl Glucoside and Polyglyceryl-6 Laurate): **Glycolipidic O/W sustainable emulsifier**, from 100% vegetable origin and MB certified. Processable at room temperature for time and energy savings, it efficiently stabilizes low and very low viscosity formulations and gives **light textures**, for a nude skin sensation, comfortable and soft.
SEPIMAX ZEN™ (Polyacrylate Crosspolymer-6): Pre-neutralized powder polymeric thickener with a maximum resistance to electrolytes thanks to its high associative behavior. It imparts rich, velvet and elegant skin feel.
SOLAGUM™ TARA (Caesalpinia Spinosa Gum): A powerful thickening natural gum from Caesalpinia spinosa endosperm seeds. Synergistic efficiency with synthetic and natural polymers.

Beautiful and smooth hair thanks to **XYLISHINE™ & ALARIANE™**:

XYLISHINE™ (Xylitylglycoside and Anhydroxylytol and Maltitol and Xylitol and Pelvetia Canaliculata Extract): the **natural sugars of vegetal and marine origin** makes the hair glossy and soft. It helps maintain the **deep hydration of the hair** and protect the fiber.

ALARIANE™ (Aqua and Butylene Glycol and Algae Extract): Water soluble active from **brown alga Alaria esculenta** (winged kelp) to improve hair appearance & manageability and control frizzy hair.

ADDITIONAL INGREDIENTS: Tetrasodium Glutamate Diacetate: DISSOLVE GL47 S (AKZO NOBEL) / Argania Spinosa Kernel Oil : HUILE D'ARGAN (SOPHIM) / Isopropyl Myristate: DUB IPM (STEARINE DUBOIS) / Tocopherol: DL ALPHA TOCOPHEROL (BASF) / Fragrance : LIFE FORCE (EXPRESSIONS PARFUMÉES) / Phenoxyethanol & Ethylhexylglycerin : EUXYL PE9010 (DKSH) / Lactic acid : LACTIC ACID 50% (VVR)
