Protection against pollution and purifying effect

A	Aqua/water Glycerin	Up to 100% 1.50%
B	SEPIMAX™ ZEN	1.00%
C	CONTACTICEL™	1.00%
D	ORAMIX™ CG110 Phenoxyethanol and ethylhexyl glycerin Phenylpropanol & Propanediol & Caprylyl Glycol & Tocopherol Fragrance	0.70% 1.00% 0.50% 0.10%
E	FLUIDIPURE™ 8G	5.00%

Transparent clear liquid / Packaging: dropper**pH: 6.24 / VISCOSITIES: 1M at RT: 2.780 mPa.s S2S6 /****Recovery at RT (after 1M at 45°C): 2.780 mPa.s S2S6.****FORMULATION ADVICES: Pilot scale - 4 kg - TRIMIX**

Add water and glycerin into the tank and start agitation. Sprinkle Sepimax Zen onto the aqueous phase and homogenize (20'). Create vacuum then break it. Introduce phase C. Put under agitation (5'). Create vacuum then break it. Introduce phase D already prepared. Put under agitation (5'). Close the tank. Create vacuum then break it.

**COLD
PROCESS**

Protect and purify our skin from external pollution and microbial proliferation!

*A mild and texturized formula***SEPIMAX™ ZEN, controls and texturises each drop delivered to the skin.***(Polyacrylate Crosspolymer-6)*

Powder polymer with a MAXIMUM resistance to electrolytes thanks to its high associative behavior. Stable from pH 2 to 8, it enables the creation of formulas with a specific skin feeling, included foaming formulas: **rich, velvety and elegant.**

CONTACTICEL™, allows a protection against pollution and decreases sebum excess.*(Aqua / Water - Butylene Glycol - Hydrolyzed Rhodophyceae Extract)*

Macroalgae cells of Acrochaetium moniliform, from CELEBRITY™ technology. Efficacy of CONTACTICEL™ proven on volunteers: it has been shown to **limit excessive sebum production** by 34% in Shanghai's polluted atmosphere and reduces the ozonolized squalene by 61%. It **protects the skin against ozone.**

ORAMIX™ CG110, natural solubilizer, allow to formulate a clear aqueous gel.*(Caprylyl / Capryl Glucoside)*

Non-ionic surfactant from vegetable origin. It is an **ideal solubilizing agent** for foaming products because it solubilizes essential oils, fragrances and preservatives but also boosts foam volume. Its mild cleansing effect is interesting for the formulation of make-up removers, especially for lotions. **Ecocert, Cosmos and Natrue approved.**

FLUIDIPURE™ 8G, increases purifying effect: it decreases inflammation and microbial proliferation.*(Hexylene Glycol and Caprylyl Glycine and Xylitylglycoside)*

Thanks to its liquid form, FluidiPure™8G, glycine and sugar biovector, makes it easy to **control sebum, fight dandruff, decrease irritation, control body and scalp odor and restore the skin's acidic mantle.** FluidiPure™8G participates to the **microbial protection of cosmetic formulations** and its gentleness makes it the perfect match for sensitive skins.

ADDITIONAL INGREDIENTS: Phenoxyethanol and ethylhexyl glycerin: EUXYL PE9010 (SCHÜLKE & MAYR) / Phenylpropanol & Propanediol & Caprylyl Glycol & Tocopherol: SENSIVA PA40 (SCHÜLKE & MAYR)More informations available on seppic.com**seppic**
