HYGIENE

EU07760 | SHOWER GEL TO RECONSTITUTE

A quick and easy recipe

Anhydrous product

NOC= 98%

NATURALITY PROFILE according to ISO 16128 norm

Ingredients easily biodégradable

Anhydrous format

Soft texture

A	**SOLAGUM™ AX**	**8,90%**
	SOLAGUM™ TARA	**0,90%**
	SEPIFINE™ BB	**44,60%**
	Sodium Cocoyl Isethionate	26,80%
B	**PROTEOL™ APL EF**	**8,90%**
	AQUAXYL™	**4,50%**
	Preservative	4,50%
	Perfume	0,90%

White powder/ **Packaging : Sachet**

STABILITY: 1M at RT & 45°C

FORMULATION ADVICES : Laboratory scale 100g

Weigh the ingredients of phase A in a beaker and place it in the blender. Blend in 10 short pulses. Check the fineness and homogeneity of the powder with a spatula. Remix in 10 short pulses if necessary.
Weigh the ingredients of phase B in a beaker and homogenise with a spatula. Pour phase B into phase A. Mix in 10 short pulses. Check the fineness and homogeneity of the powder with a spatula. Remix in 10 short pulses if necessary.

PREPARATION TIPS :
50g size (reproducible for 250g)

To be done by the consumer

In a 100 mL kolas, weigh out 5.6 g of EU07760 formula and 44.4 g of cold water. Close the bottle and shake vigorously for 30 seconds to 1 minute. Allow to stand for 48 hours before use. Forms an opaque white gel.

A cleansing care to be prepared at home, with a creamy texture and a soft and enveloping finish.

BIY cosmetics for safe and fun cosmetics!

Thanks to **PROTEOL™ APL EF** *(Sodium Cocoyl Apple Amino Acids)* , the foam generated is creamy and gentle on the skin and eyes.
Surfactant derived from **essential amino acids found in apple juice** for a gentle and environmentally friendly approach.

SOLAGUM™ AX and **SOLAGUM™ TARA,** the perfect duo of **100% natural** origin providing stability, viscosity and texture!

SOLAGUM™ AX *(Acacia Senegal Gum - Xanthan Gum)* brings a soft, non-sticky feel and a moisturizing sensation to this cleanser.
A naturally derived **stabilising and texturising** polymer with excellent electrolyte resistance.

At only 0.10%, **SOLAGUM™ TARA** *(Caesalpinia Spinosa Gum)* significantly increases the viscosity of this formula.
A naturally derived polymer with **thickening properties** working in synergy with many ingredients.

SEPIFINE™ BB *(Amylopectin)* provides a pleasant playtime and a powdery finish!
A **natural texturising powder** derived from the ethically and sustainably grown and harvested babassu nut in Brazil. This biodegradable powder provides a soft, velvety finish to the skin, while absorbing oil from the formula.

AQUAXYL™ *(Xylitylglucoside and Anhydroxylitol and Xylitol)*
By harmonising the skin's water flow, AQUAXYL™ **hydrates and restructures the skin**. Water reserves are instantly increased, water circulation is boosted in all skin layers and water loss is reduced (proven in vitro and in vivo).

ADDITIONAL INGREDIENTS : Fragrance : AVOCAT & KARITÉ (EXPRESSIONS PARFUMEES) / Preservative : Sodium Benzoate - Potassium Sorbate : EUXYL K 712 (SCHULKE & MAYR) / Colorant : FD&C BLUE N°1 - Solution à 0.1% (UNICERT BLUE 05601-J) (SENSIENT LCW)
