**Fluid emulsion / Packaging : Dropper / pH: 5,4****VISCOSITIES : 1M at RT : 3 300 cps; M3V6****Recovery at RT (after 1M at 45°C) : 3 400 cps; M3V6****STABILITY : 1 Month at 25°C and 45°C****FORMULATION ADVICES :  
Process 200g at laboratory scale**

Prepare phase A in a beaker. In an other beaker weigh ingredients of phase B then disperse in phase B Solagum AX and mix gently with a spatula. Pour phase A in phase B all at once and homogenize under Rotor Stator at 4000 rpm for 4 minutes. Then stir gently under Anchor for 10 minutes and add ingredients of phase D one by one.

**COLD PROCESS**

The fluid and cocooning texture of this skincare boosts your positive emotions and perfects your complexion!  
To moisturize your skin with smile!

**FLUIDIFEEL™ EASY** (Lauryl Glucoside and Myristyl Glucoside and Polyglyceryl-6 Laurate)

Glycolipidic O/W sustainable emulsifier, from 100% vegetable origin and MB certified (BVC-RSPO-1-1972708497). Processable at room temperature for time and energy savings. Sprayable and able to efficiently stabilize low and very low viscosity formulations (serum, lotion, mask, wipes, spray...). It gives light textures, for a nude skin sensation, comfortable and soft.

**FLUIDANOV™ 20X** (Octyldodecanol - Octyldodecyl Xyloside)

**W/O co-emulsifier** with an original xylolipidic structure. Extra-fluid and easy to use, it contributes to stabilize W/O & O/W emulsions and improve skin feeling.

**LANOL 2681** (Coco-Caprylate/ Caprate)

Emollient agent from vegetable origin. Polar ester with soft and light touch, non greasy finish, medium playtime. Cosmos approved.

**SOLAGUM™ AX** (Acacia Senegal Gum - Xanthan Gum)

Smart combination of **natural thickening polymers**, it allows to formulate non-stringy translucent gels with intermediate viscosity. It also offers better stabilizing effect than xanthan gum while ensuring easy spreading and film forming effect.

**CERAMOSIDES™ HP** (Glycosphingolipids & Glycolipids)

The essence of perfect skin. CERAMOSIDES™ HP are an original combination (patented) of natural CERAMIDES and OMEGAs which protect the skin from the loss of elasticity, one of the primary causes of enlarged pores with age. After 28 days of application, the complexion is fresher, the pores are visibly smaller.

**AQUAXYL™** (Xylitylglucoside and Anhydroxylitol and Xylitol)

AQUAXYL™ increases the deep hair fiber moisturization in rinse-off and leave-on applications. Moreover, it improves the foam quality and reduces irritation induced by some surfactants (LESNa...). Cosmos and Natrue approved

**ADDITIONAL INGREDIENTS :** Pentylene glycol; Hydrolite 5 green (Symrise), Caprylic / capric triglyceride; Triglyceride 5545 (Stearinerie Dubois), Prunus armeniaca kernel oil; Apricot Kernel Oil (Bertin), Tocopherol: L - Alpha Tocopherol (BASF), Sodium benzoate and potassium sorbate; Euxyl K712 (Ashland), Fragrance: Fragrance Fleur Divine (Payan Bertrand)
