	Colorant Blue (sol 1%)	0.05%

Light blue balm / Packaging: Jar

pH: N/A / VISCOSITIES: 1M at RT: N/A

Recovery at RT (after 1M at 45°C): N/A

STABILITY: 1M at RT, 45°C and back to RT

FORMULATION ADVICES: Laboratory scale - 2kg

In a 5 litre beaker, weigh phase A.

Melt in a bain-marie at 90°C, stirring all the time.

Reduce the water bath to 45°C, add phase B and homogenise.

Once everything is homogeneous, fill into hot jars, leaving the beaker in the bain-marie.

An anhydrous makeup remover balm leaving the skin
hydrated, soothed and protected !

Let's melt your makeup!

A light balm texture with **MONTANOV™ L** (C14-22 Alcohols and C12-20 Alkyl Glucoside) MONTANOV L is well-suited to formulate balm with a high oil content. It **emulsifies** oils and helps to **stabilise** the anhydrous chassis to give a balm texture. It also has a strong **moisturizing** power since it promotes liquid crystals which prevent the skin from dehydration and boosts the action of active ingredients (efficacy proven in vivo).

EMOGREEN™ L19 offers a non greasy and soft afterfeel (C15-19 Alkane (Plant-based & Renewable))

EMOGREEN™ L19 is bio-sourced non polar emollient. It's THE alternative to silicone oils. It is compatible and miscible with a large variety of oils. It gives a **fresh and gliding touch**, with a soft afterfeel. Inert and stable, it helps to maintain the balm texture over time.

A nice texturizing effect with **EMOGREEN™ HP 40** (C15-19 Alkane and Hydrogenated Polyfarnesene (Plant-based & Renewable))

This high purity versatile texturing ingredient has a very good miscibility with oils, highly present in this formula. It brings **comfort to the skin** when applying the balm on face. It provides **film forming properties** with a **soft and supple afterfeel**. Emogreen™ HP 40 **limits** the **stickiness** of the formula.

The perfect duo for soothing and protection :

ANTILEUKINE™ 6 (Caprylic/Capric Triglyceride and Laminaria Ochroleuca Extract) : it calms, comforts and soothes the skin after removing the makeup. It acts as a **daily soothing shield!**

NATIVE ESSENCE™ (Caprylic/Capric Triglyceride and Crithmum Maritimum Extract : this detoxifying active ingredient **restores hydrolipidic barrier**, improves skin **complexion** and radiance while **protecting** the skin.

ADDITIONAL INGREDIENTS: amylopectin / caprylic-capric triglyceride; Triglycerides 55/45 (DUBOIS) / butyrospermum parkii (shea) butter; Karité CP (SOPHIM) / hydrogenated cetyl olive ester; Phytowax Olive 16L55 (SOPHIM) / Fragrance: Rock 11 2234165 (Expressions Parfums) / Colorant: Blue W5601 (SENSIENT)
