Aspect : Smooth purple cream gel

pH: 5.05 / **VISCOITIES**: **1M at RT**: 95,450 mPa.s Brookfield LVT96 Speed 6 rpm

Recovery at RT (after 1M at 45°C): 95,400 mPa.s Brookfield LVT96 Speed 6 rpm

STABILITY: Passed 3 month at RT and 45°C, Passed 3 F/T cycles -5°C/+40°C.

FORMULATION ADVICES: **Laboratory scale - 300g batch - Medium Shear Mixer with a dispersing blade** :

Combine phase A ingredients together, then add the premixed of phase B into phase A while mixing with a dispersing blade at 500 rpm. Add phase C to phase (AB) and increase speed to 1000 rpm. Add the premixed of phase D into phase (ABC) and mix well to get a uniform cream gel. Continue to mix and add phase E and then phase F ingredients.

All information contained herein is intended merely to demonstrate the utility of Seppic products, and should not be construed as granting license to practice any compositions or methods covered by a patent or a patent application or efficacy or tolerance. All information contained in this specific technical documentation is believed to be accurate and has been set up by Seppic according to its own described methods and processes. Seppic however does not assume any liability or risks involved in the use of its products for the preparation and the assessment of the hereinabove formulation since the condition of use are beyond its control. Seppic customer must insure that the duplication of the hereinabove formulation is not infringing any intellectual property rights and that it complies with any regulatory status. Formula only for demonstration purposes. Seppic has not tested efficacy, toxicology and safety of this formulation if not mention.

HIGHLIGHT:

SOLAGUM™ TARA and **SIMULQUAT™ HC 305** thicken this cream gel for a smooth texture and a conditioning effect.

EMOGREEN™ L15 is an alternative to volatile silicone oils, providing instant conditioning, shine and anti-frizz.

XYLISHINE™ C offers an anti-frizz and volume control power and repairs both scalp and hair.

Use on wet or dry hair to redefine the curls without weighing them down, and use a diffuser or allow to air dry!
